

MOVING ON

Words and Music by Bernice Johnson Reagon © 1985

Moving, moving on
Moving, moving on
Moving, moving on
Moving, moving on

Nothing can stop me now
Nothing can hold me down
No one can keep me back cause we're

Moving, moving on
Moving, moving on
Moving, moving on
Moving, moving on

We've been 'buked (*clap - clap clap*)
We've been scorned (*clap - clap clap*)
We've been talked about sure as you're born

Let's work together
Don't care how long it takes
We've come this way before cause we're

Moving, moving on
Moving, moving on
Moving, moving on
Moving, moving on

The road may be rough (*clap clap*)
The way may be long (*clap clap*)
But we've got to keep on keeping on

We're marching over
Don't care how long it takes
We've come this way before and we're

Moving, moving on
Moving, moving on
Moving, moving on
Moving, moving on
